INTEGRATED SCHEME FOR DEVELOPMENT OF SILK INDUSTRY

Central Silk Board

For Inclusive Growth of Sericulture Industry

- Holistic development with focus on kisan nurseries, irrigation facilities, separate rearing houses, CRCs besides post-yarn sector
- Collaborative sericulture research with national and international institutions
- Development of new plantations and replacement with improved high-yielding varieties
- Increased Private Participation involving entrepreneurs and State agencies in silkworm seed production
- Encourage utilization of silk by-products for additional income generation
- Product diversification in non-woven fabrics, blending with suitable fibres, new product lines, etc., for better value realization
- Improved mechanism of transparency for delivery of benefits to the stakeholders

Production of 38,500 MT silk including 8,500 MT import-substitute bivoltine silk

Productivity to increase to 111 kg raw silk per ha

Creation of 45,000 skilled manpower through training & skill development

Employment to 100 lakh persons in different segments of the industry

Women, SC/ST and other weaker sections of the society including LWE and NER to gain livelihood opportunities
